TRIAD MEMBER PORTAL

MULTI-FACTOR AUTHENTICATION

When you log into the portal, you'll confirm it's you in two steps.

- Enter the **email on your Triad account**, complete **Verify you are human**, and click **Continue.**
- Enter your **password** and click **Continue.**
- The first time you log in, you'll **set up a second verification step** — shown on the next pages.

For Financial Professional use only. Not approved for public use.

CHOOSE A VERIFICATION METHOD

On the **Keep Your Account Safe** screen, choose how you'll verify your identity:

- **Notification via Auth0 Guardian app** — approve a notification on your phone. **(Recommended)**
- **Google Authenticator or similar** — type a 6-digit code from an authenticator app you already use.

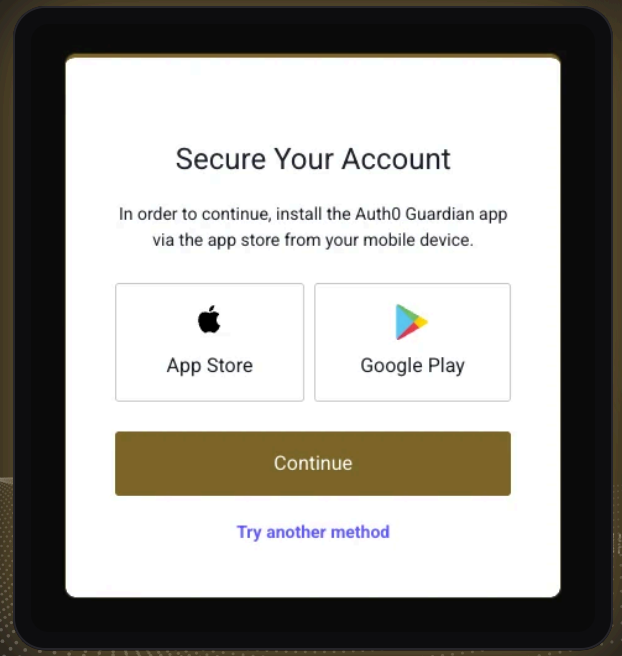

For Financial Professional use only. Not approved for public use.

GUARDIAN APP SETUP

- Select **Notification via Auth0 Guardian app.**
- Download the free **Auth0 Guardian** app from the **App Store** or **Google Play**, then click **Continue.**
- Open Guardian and **scan the QR code** on your screen.
- From then on, approve each login by tapping **Allow** on the Guardian notification.

For Financial Professional use only. Not approved for public use.

USE YOUR OWN AUTHENTICATOR

- Select **Google Authenticator or similar.**
- **Scan the QR code** with your authenticator app.
- Type the **one-time code** from the app.
- Click **Continue.**
- From then on, enter the current code from your app each time you log in.

Can't scan? Select **Trouble Scanning?** to enter the setup key by hand.

For Financial Professional use only. Not approved for public use.
